Dear Sir/ Madam

My name is Esmie Bryan. I had a case with your law firm and the City Of NY on Tuesday April 04/03/ 2018. My attorney was Wayne Wattle. He is a tremendous guy. Every thing he told me in that office was played out in court as was said. He is like a walking CPU when it comes to the law. HE was very clear on his points. He has very **good intrapersonal** and a very **excellent extrapersonal** skills with his clients. He is a very good worker in my estimation. If an accident should happen hope it not ,I need Wayne to be my attorney again and again. I will certainly refer any one I know with an accident to Burns and Harris. Thanks again for you effort and your time.

Esmie Bryan.
